Title	Page
Assessing the informational quality of TikTok videos on refractive surgery: a comparative study	9
Assessment of quality of life in patients with epiphora: a cross-sectional study using a structured clinical performa	63
Beyond the fracture: documenting a unique case of total globe dislocation in orbital trauma	36
Bilateral acute depigmentation of the iris, case report	53
Bilateral panopthalmitis with orbital cellulitis due to Klebsiella pneumonia causing bilateral blindness in a diabetic patient: a rare case report	14
Comparative effectiveness of monocanalicular and bicanalicular silicone intubation in congenital nasolacrimal duct obstruction	48
Correlations between intermittent exotropia, stereoacuity and ocular torsion	28
Erratum to ''Dexamethasone implantation causing latrogenic lens injury: a review of literature with case series''	20
Evaluation of demographic characteristics and management in cases of paralytic strabismus	43
Evaluation of the efficacy of argon laser photocoagulation therapy in patients with retinal tear	33
Evaluation of the long-term efficacy of intravitreal bevacizumab in retinopathy of prematurity	5
Gene therapy applications in ophthalmology	69
Impact of phacoemulsification on choroidal and ganglion cell complex thickness assessed by spectral-domain optical coherence tomography	58
Insights into a rare congenital abnormality: clinical and imaging features of two hiperpigmented torpedo maculopathy cases	75
Misdiagnosis and mismanagement in stage 4 best vitelliform macular dystrophy: a case report highlighting the role of multimodal imaging	55
Open globe injuries: associated findings, management, and visual outcomes	39
Relationship between retinal vein occlusion and ocular biometric parameters	1
Superior ophthalmic vein thrombosis following barosinusitis: a rare case report	78
Superior rectus transposition as a feasible surgical method for diplopia due to abducens paralysis with small angle esotropia: a case report and comprehensive perspective on other new trend surgical methods	17
The effect of routine ophthalmological examination in babies with congenital nasolacrimal duct obstruction	21
The great masquerader-a case of squamous cell carcinoma of tarsal conjunctiva	82
Traumatic hyphema after closed-globe injuries: accompanying findings, management and visual outcomes	25
